

COUNTY COUNCILLOR'S COLUMN –August 2022

In my role at county, libraries and museum fall under my portfolio. I visited Melton Mowbray library which is undergoing a refit to accommodate two new multi-purpose adult learning classrooms which is part of a wider strategy to upgrade our county libraries and where possible integrate learning space to improve accessibility to programmes. The new class rooms will increase County's ability to provide adult learning courses from across Go-Learn offer, including courses from our Learning for Wellbeing programme such as art courses, fitness courses, crafts and more.

Whilst in Melton Mowbray I visit the museum which had an exhibition show-casing visits by members of the royal family over the years to Melton.

Cabinet Meeting on 24th June

Medium Term Financial Strategy - A statement from the Leader made it very clear the overall financial situation which affects all councils including Leicestershire. With inflation already at nine percent – and expected to pass 11 percent by October – the cost of providing day-to-day council services, as well as crucial long-term major infrastructure projects to accommodate a growing County population, have surged.

Previously the Council calculated there would be an £8 million gap between what we need to spend and our income next year, but these pressures have widened the gap to around £20 million. By 2025/26 the budget gap is predicted to increase from £40 million to £70 million unless further action is taken.

Over the summer work will be undertaken to identify new savings proposals. These are almost certain to mean looking at service reductions to discretionary services such opening arrangements for recycling and household waste sites and bus services. There is no doubt that some existing capital schemes will need to be cancelled, mothballed or reduced in scope.

The Cabinet will consider the saving options in autumn. He went on to say that though no decisions have been taken he wanted to level with members and with people about the frightening financial situation we face.

Census 2021

The Census figures published at the beginning of July underline that Leicestershire is growing – and confirms we are one of the fastest growing areas in the country in

terms of economic growth and in population. With our population set to rise by 20 percent in 20 years.

Charnwood has risen by 17,800 since 2011 a difference of 10.7%.

129 Bus

I am pleased to report that the 129 bus will continue to run by Midland Classic from 1st August. It runs from Ashby-de-la-Zouch to Loughborough (goes via various villages such as Griffydam, Osgathorpe, Lount, Gelsmoor and Belton and into Loughborough down Snells Nook and Nanpantan Road) and serves the Hathern end of Shepshed. The new operator will be using the same route as the previous operator. This area of Shepshed is very poorly served and I have been trying to get a better service now for a number of years to this end of Shepshed. But, if we do not use the service we have it will be lost.
